Leagh Dever, Manager
US DOE Oak Ridge Operations
P.O. Box 2001 M4
Oak Ridge, TN 37831-8502

Dear Ms. Dever,

I am writing this letter to express my concern with the process that DOE is implementing on the Oak Ridge Reservation. I am aware that this is a tough mission, but facts and sound land use planning must be the foundation in the decision making process.

As I read about the activities that have taken place over the last 18 months, it is apparent that DOE has already made some preliminary decisions on the use of this land. As a resident of Fairfax County Virginia, I have witnessed first hand the influence developers wield and the problems that result from this situation. Developing land without a land use plan creates long-term problems and misses opportunities to create quality communities for our families.

This situation is an opportunity for DOE to be a leader working with all interested parties to facilitate a solid and well thought-out land use plan. I request you personally look into this situation, take control and lead the development of a land use plan for the Oak Ridge Reservation.

Sincerely

Gina H. Jagim
